Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

1. The amendment filed on July 1, 2003 has been entered. Accordingly, claims 1-4 and 8 have been cancelled, and claims 5-7 have been amended.

Allowable Subject Matter

2. Claims 5-7 are allowed over prior art.

The following is an examiner's statement of reasons for allowance:

3. The prior art of record, including Abe et al. (U.S. Patent No. 5,857,761) and Suzuki (Japanese Patent No. JP 11-242222 A), does not show or suggest the applicant's invention as claimed. Specifically, the prior art of record does not disclose proper motivation for combining:

- a substrate made of a light transmissible material, and disposed over a reflection-type lighted crystal display element as recited in claims 5-7;
- a bar-like light source made of a light conductive material, and positioned closed to and along at least one end face of the transparent substrate as recited in claims 5-7;
- a spot-like light source disposed on an electric wiring board as recited in claims 5-7;

Art Unit: 2875

- a light conductive guiding member guiding light, and positioned between the end of the light conductive member and the spot-like light source as recited in claims 5-7; and
- the light guiding member provided with a means – a reflective film or layer – improving reflectance as recited in claims 5-7.

The above-indicated combination, including a light conductive guiding member with means – reflective film or layer - improving reflectance its makes this invention unique.

Neither combined nor individual teaching of Abe et al. (U.S. Patent No. 5,857,761) and Suzuki (Japanese Patent No. JP 11-242222 A) discloses a spread illumination apparatus including a light conductive guiding member with means – a reflective film or layer – improving reflectance as recited in claims 5-7. Note: The above-indicated light conductive guiding member is the element, which is in addition to the light conductive member including in the bar-like light source. Further, light conductive guiding member changes the direction of the light beam.

Therefore, claims 5-7 are allowed over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
